COVER STORY

Pulse AI – Retaining Customers Proactively

By Ramgopal Prajapat, Head Data Science and AI

Did you know three out of four customers who give bookings in a month are repeat customers from the earlier 3 months?

85%-90% of the bookings (and 90% of the CBM) for local accounts in a month are contributed by repeat customers (who booked in earlier 3 months).

Engaging these regular customers proactively is important for predictable business growth and higher revenue per customer. Importantly, CBM from these repeat customers is 3X. This is based on top 20 countries and for local accounts.

Many customers who are actively engaging with us today may show early signs of reducing their future shipments long before it becomes visible in booking volumes.

Consider customers who made three or more bookings during the previous three months. While most continue to book with Allcargo Global, a significant percentage subsequently reduce their activity/booking. For example, across all countries, among customers with three or more bookings between January and March 2026, around 30%-40% of customers reduce their bookings by more than 30% in the following months.

The point to note is that these customers have not yet reduced their business with Allcargo Global. They may still be booking while simultaneously evaluating alternative providers. By the time the decline becomes visible, winning back their business can be difficult, costly, and in some cases impossible.

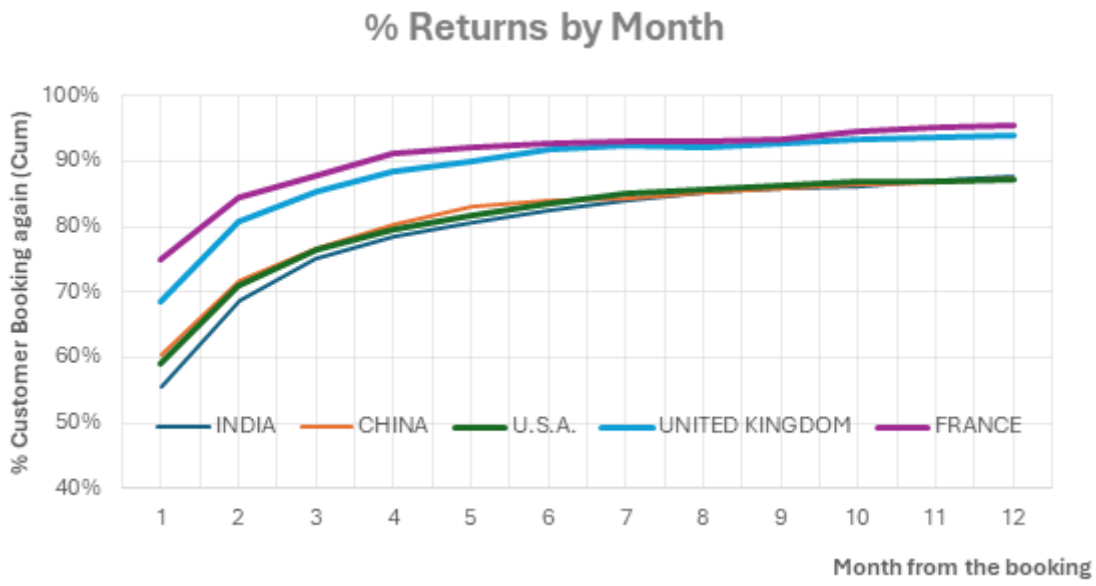

Figure 1: *Percentage of customers booking again by a month. Example: In France 96% of the customers book again within next 12 months and for India it is 88%*

The goal is not to identify customers who have already reduced bookings. The real value lies in identifying customers who are likely to reduce bookings soon, enabling proactive engagement before the business is at risk.

Predict bookings with Pulse AI

Every Monday, **Pulse AI** analyzes customer booking patterns, quotation activity, and other engagement signals to identify customers who may be at risk of reducing their future business. High-priority customers are automatically flagged and pushed into the CRM system, enabling the Sales Team to take timely action.

In addition, Pulse AI generates a personalized customer insight summary and sends a proactive nudge to the respective salesperson, highlighting key observations and recommended actions. This capability has been live for more than six weeks and is already helping teams focus their efforts where they matter most.

By identifying potential risks before booking volumes decline, Pulse AI enables a more proactive approach to customer retention, helping strengthen relationships and protect revenue.

Pulse AI and Loop AI – the formidable pair

To complement sales efforts, personalized customer communications are also triggered through **Loop AI,** our in-house personalized campaign management platform. For example, for one week, the customers identified for retention were targeted with personalized emails with Loop AI and in this campaign sailing schedule relevant to each customer was communicated.

Together, **Pulse AI** and **Loop AI** help move customer management from a reactive to a proactive and drive business value in collaboration with sales team.

The performance Table for the campaign rolled out on 7-Sep-2026 is given below. It shows an excellent click-through rate, with an increase of 3X-4X over normal email and we have seen booking % for these customers is up by 10% as compared to that of holdout sample.

HITS	VISITORS	SPIDER CLICKS	LEADS	CONVERSION	TOTAL CLICKS	COMPLAINTS
19,318 Total	17,427 Unique	5,236 Total	1,768 Total	10.1% Leads/Hits	2,550 Total	1 Total

Sector Breakdown

SECTOR	HITS	VISITORS	LEADS	CONVERSION	TOTAL CLICKS	COMPLAINTS
EUROPE	6,747	5,717	730	10.8%	2,013	567
AMERICAS	5,427	3,967	511	9.4%	1,179	349
APAC	4,053	3,263	374	9.2%	1,123	405
MEA	628	350	61	9.7%	88	23

Do you have any suggestions for other customer-specific information, insights, or updates that could be shared through personalized emails to drive engagement and business value?

Please share your ideas, and we will evaluate and replicate the most impactful ones in upcoming campaigns.

Important Announcement

Vaishnav Shetty to oversee Europe region

An important message from our beloved Chairman, Mr. Shashi Kiran Shetty to the leadership team of Europe

Shashi Kiran Shetty
Founder & Chairman, Allcargo Group

Dear All,

As we continue to strengthen our presence and capabilities across Europe, and rest of the world, I am pleased to share that **Vaishnav Shetty, Deputy Managing Director – Allcargo Global** will assume the additional responsibility of working with all of you to help you to guide and lead the vision, mission and values the Group stands for in our business. His role will now extend to the European region in addition to North Asia, which was announced to all of you by Adarsh Hedge, Managing Director on a call on 1st September, 2026.

You would already be aware of Vaishnav's work in North Asia, where he has made a significant impact to strengthen our commercial organization, to further consolidate our position in the region, and the team in North Asia has taken a lot of strategic, operational, financial, human resource management, digital/ AI, and business development steps for future growth in these markets with clear intention to be the market leaders in the LCL business.

Further, with a strong, innovation-driven and technology-oriented mindset, under his stewardship as Chief Digital Officer, Vaishnav has been instrumental in shaping our digital transformation through AI-enabled processes, data science projects, and the launch of the ECU360 platform – now regarded as one of the best-in-class digital freight platforms in the industry.

Since joining Allcargo Group in 2017, he has been a keen learner, great listener and collaborator. With these qualities, he has demonstrated a clear vision for building a future-ready organization with a deep commitment to our values, to ensure we have a sustainable business. This will benefit all stakeholders and help ECU Worldwide to be an even stronger brand, which is a matter of pride for all of us. His appointment reflects our confidence that we all have in the next generation of leadership and our commitment to create a stronger company.

Europe, being the birthplace of ECU Worldwide, is one of the most critical markets for our business. As you know, the opportunities before us are significant, but so are the challenges. To succeed, we must work as one team with a shared sense of purpose, greater collaboration across countries, and an unwavering focus on customers. While always ensuring our profitability is in line with our efforts, the risk we have taken, and investments that we have made in this business over the years.

Vaishnav Shetty
Deputy Managing Director, Allcargo Global

As Vaishnav takes on this new responsibility, I would like each one of you to extend your full support. As you know, leadership transitions are most successful when they are accompanied by trust, openness, and collective commitment to achieve the above-mentioned objectives.

We, in the Allcargo Global and ECU Worldwide shareholder's office in Mumbai, truly admire your work ethic and commitment to the organization, together with years of passion and hard work to get the company to be where we are today. Our business under ECU Worldwide brand has a formidable legacy and customer loyalty. With your expertise, together with Vaishnav and his team's energy, I am confident that all of you will help shape the next phase of growth for our Europe business which is so important as all of you know.

Please join me in congratulating Vaishnav on his additional role, and wishing him and all of your tremendous success and a lot of fun while working together towards it!

Thank you for your continued commitment, leadership, and contribution in helping ECU Worldwide's flag fly high with pride in all the countries that you lead.

Warm regards,
Shashi Kiran Shetty
Founder and Chairman
Allcargo Group

Organizational Announcement

Congratulations, Siddhartha Choudhry, appointed as the Regional Head - South China

Siddhartha Choudhry
Regional Head - South China

Dear All,

As ECU Worldwide continues to adapt to the evolving demands of the global logistics landscape, we remain steadfast in our conviction that our people are our most valuable assets. Our longstanding commitment to nurturing external & internal talent and enabling professional growth within the organization continues to be a cornerstone of our success.

In line with this philosophy, we are pleased to announce a key Strategic leadership appointment that will further strengthen our organizational capabilities and support our long-term objectives.

In this strategic leadership role, **Siddhartha Choudhry, as the Regional Head - South China,** will oversee the overall management, operations, and P&L of the South China region, covering Shenzhen, Guangzhou, Hong Kong, Zhongshan, Xiamen, and Fuzhou. Over the past couple of months, Siddhartha has already been integrating well with the China team and building strong relationships with key stakeholders across the region. Based in Shenzhen, he will work closely with the regional teams to optimize the organizational structure, strengthen team capabilities, and drive sustainable business growth across all South China offices. He will also play a key role in supporting regional business development, enhancing cross-office collaboration, and strengthening our market presence across the region. In this role, Siddhartha will report to Manish Gogia, RCEO-North Asia.

Siddhartha brings extensive experience in regional business leadership and P&L management. Prior to this appointment, he served as General Director & Country Head – Vietnam and Cambodia at ECU Worldwide, where he managed the P&L and drove business growth across LCL, FCL and Air Freight. He played a key role in strengthening the FCL business and establishing ECU Worldwide Vietnam as the LCL export market leader.

With his strong commercial acumen, regional leadership experience and proven track record of building businesses and high-performing teams, Siddhartha will be a valuable addition to the South China leadership team. We wish Siddhartha every success in his new role and look forward to his leadership in driving the continued growth and development of the South China region.

His contact details are as follows:

D: +86 755 8282 9282 Ext: 800

M: +86 171 1975 7907 (China No.)

M: +852 9357 9120 (Hong Kong No.)

M: +84961318405 (Vietnam No.)

E: siddharthac@ecuworldwide.com

Please join us in congratulating Siddhartha Choudhry.

We wish him every success in his new role at ECU Worldwide!

Best regards,
Manish Gogia,
Regional CEO - North Asia

Nivedita Dutta | niveditad@ecuworldwide.com

Organizational Announcement

Congratulations, Tarek Soliman, appointed as Head of Global Agency Management

Tarek Soliman
Head of Global Agency Management

Dear All,

We are pleased to announce that **Tarek Soliman** has been appointed as **Head of Global Agency Management for Allcargo Global and ECU Worldwide,** effective immediately. This newly created global responsibility reflects our commitment to further strengthen our engagement with agency partners, who are a critical part of the Allcargo and ECU Worldwide family. It gives us immense pride to provide enhanced role opportunities to our internal talent, which aligns with our talent and career management philosophy.

Over the years, Tarek has built a strong track record across the Middle East and Africa region, successfully managing Global Accounts, agency relationships, and network development initiatives. In this role, Tarek will lead the management and development of our global agency network, working closely with business stakeholders across regions to strengthen partner relationships, drive growth opportunities, and enhance collaboration across the network. Additionally, in his corporate role, he shall also be responsible for reviewing partners, commercial negotiations on agency agreements, and identifying new partners to further strengthen our market-leading global network. Tarek would report to **Ravi Jakhar** for this new **Global Agency Management** role.

In addition to leading Global Agency Management, Tarek will work closely with Ravi in exploring strategic growth opportunities, including potential joint ventures and the establishment of new offices in key markets.

Tarek will help manage the transition by continuing his existing responsibilities for Regional Key Accounts across the Middle East and Africa. Tarek will continue to report to the Regional CEO, Jayesh Tanna, for his Regional Key Accounts role.

Please join us in congratulating Tarek on this well-deserved appointment and wishing him continued success in his new role.

Regards,
Team HR

INSIDE THE OPERATIONS DASHBOARD

Explore the tools, views, and insights available in the ECU Worldwide Operations Dashboard to drive smarter planning, better visibility, and more effective decision-making across the network.

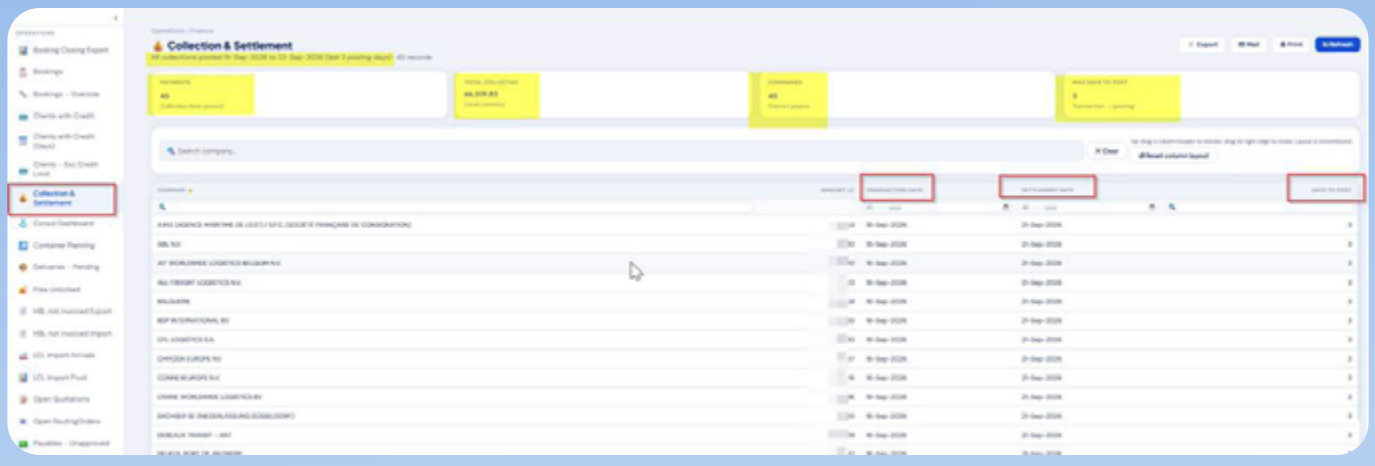

Featured in this issue: *Collection & Settlement*

Collection & Settlement

The ECU Worldwide Operations Dashboard is available through your browser inside Citrix only and provides all offices with multiple views to help manage their business effectively and efficiently.

URL: https://statistics.ecuworldwide.com/ecuoperations

The Collection & Settlement view on the ECU Worldwide Operations Dashboard provides direct visibility into Accounts Receivable (AR) cash collections and the efficiency of posting those collections into the accounting system. It displays key metrics such as **total payments settled (over the last 3 days only),** unique paying customers, settlement dates, and days taken to post receipts.

Benefits to Cash Flow

- **Improved Cash Visibility -** Provides a near real-time view of cash received & settled over the last three days. Enables management to monitor actual cash inflows rather than relying solely on outstanding receivables.
- **Faster Identification of Collection Trends -** Highlights which customers are paying and the amounts received. Helps identify strong collection performance and potential deterioration in customer payment behavior.
- **Accelerates Working Capital Management -** Improves visibility of cash conversion from invoices into collected funds. Supports proactive actions to reduce Days Sales Outstanding (DSO) and strengthen liquidity.
- **Supports Better Cash Forecasting -** Collection patterns can be monitored daily, enabling more accurate short-term cash flow planning. Assists finance teams in anticipating funding requirements and managing liquidity risks.
- **Monitors Posting Delays -** Tracks the number of days between receipt of payment and settlement posting ("Days to Post"). Identifies offices where payments are received but not promptly matched or posted.
- **Improves AR Accuracy -** Ensures customer balances reflect actual payments received. Reduces the risk of chasing customers for invoices that have already been paid but not settled in the system.
- **Reduces Unapplied Cash -** Enables quicker allocation of receipts to open invoices. Highlights settlement bottlenecks requiring investigation.
- **Strengthens Credit Control -** Accurate settlement information provides a true picture of customer exposure and available credit limits. Prevents unnecessary credit holds on customers whose payments have not yet been posted.

The Collection & Settlement view transforms collections from a purely finance-driven activity into a visible operational KPI. By monitoring cash received, settlement efficiency, and posting delays, offices can improve cash flow, reduce ageing receivables, enhance customer satisfaction, and strengthen overall working capital performance.

If you have any questions or comments on this, please liaise with your regional BPM team.

ECU Worldwide Mexico Celebrates Independence Day

The Mexico team came together to celebrate Mexico's Independence Day, embracing the pride and spirit of this important national occasion. Observed on September 16, the day commemorates the beginning of the country's independence movement in 1810.

Colleagues marked the day with recreational activities, games, team-building activities, and traditional Mexican cuisine, creating a lively atmosphere across the office.

Beyond the festivities, it was a chance for colleagues to connect outside their everyday routines while sharing a glimpse of Mexico's rich heritage with ECU Worldwide's global community.

¡Viva México!

Ferdinando Rosell | ferdinandorosell@ecuworldwide.com

A Day of Pride and Togetherness at ECU Worldwide Saudi

Our ECU Worldwide Saudi team came together across the offices in Jeddah, Dammam, and Riyadh to celebrate Saudi National Day, embracing the spirit of unity, pride, and togetherness that makes this occasion so special. The day brought colleagues together to honor the Kingdom's rich heritage and achievements, while creating wonderful moments of connection and camaraderie. From the festive atmosphere to the shared joy, it was a memorable occasion for everyone.

Here's wishing Saudi Arabia continued success, growth, and prosperity in the years ahead.

THE ECU WORLDWIDE WAY

This Culture Code brings our core principles to life. You may have heard these ideas from our beloved Chairman, Mr. Shashi Kiran Shetty — this is his philosophy in action. These are not abstract ideals; they are the mindsets and behavior we expect every ECU Worldwide team member to live by every single day. Let them shape how we lead, work, and grow — together, as one ECU Worldwide.

1 Do the right thing—even when it is hard.

Our company is the collective soul of its people. Its strength lies in our sincerity, values, and professionalism.

Keep your promises to customers, partners, and one another. We do not manipulate numbers. We do not cut corners. We are not here for shortcuts. We are here to build something that lasts.

Integrity includes financial discipline. Treat the company's money like it is your own. Avoid waste. Choose frugality over flamboyance. Profit and cash flow are not luxuries; they are responsibilities. Our focus is on long-term value, not quarterly optics.

Integrity also shapes how we represent our brand. Every commitment must be delivered with excellence and transparency.

2 If you truly and simply care, you will make it work.

This ethos underpins everything we do.

Care for the people around you. Act with humility, empathy, and respect, whether dealing with customers, colleagues, or vendors. Listen as much as you speak. Time is a form of respect, too. Come prepared, act with purpose, and use your colleagues' time wisely. Every meeting, call, or conversation should move us closer to our goals.

We do not tolerate gossip, leg-pulling, or disrespect in any form.

Contribute to humanity in any small way you can. A culture of care begins when we treat every interaction as an opportunity to help. We take pride in simply being helpful by nature.

Aspire and dream big while being the best version of yourself. Respect your body with healthy habits, and your soul with positive thinking. In the end, success is not just what we achieve, but how we live, give, and grow — together.

3 Our customers are the reason we exist.

Their trust and investment fuel our journey. We honor that by staying relentlessly committed to value creation.

Customer satisfaction is not just a metric; it is the foundation of sustainable growth. In a world full of choices, we must earn our customers' trust every single day. Let us be grateful for their business and obsessed with delivering consistent delight.

We draw inspiration from the Indian philosophy of *'Yogah Karmasu Kaushalam'* — excellence in action. At ECU Worldwide, we do not wait for ideal conditions; we make things happen. We act with urgency, own our outcomes, and never let problems linger. In our transactional, low-margin, commoditized industry, the customers do not wait.

Mistakes are expected. Stagnation is not. If you fall, fall forward. Learn fast. Try again. Celebrate success but never rest on it. The customer is never satisfied, and neither are we.

4

Think and act like an owner.

Trust is built through ownership. We believe in empowering strong, independent teams.

Responsibility is given early because we believe in your potential. If you are trusted with a decision or project, treat it like your own. If you are assigning ownership, give clarity, support, and space, then let people lead.

Ownership means thinking ahead. In a volatile industry, surprises are expensive. Anticipate problems. Plan alternatives. Resilience is built by those who prepare.

5

See every challenge as an opportunity.

Narrow-mindedness and complacency are fatal. Healthy debate is welcome. Once we align, we execute with both structure and agility. Process gives us consistency. Adaptability gives us an edge.

As markets, technologies, and customer expectations evolve, so must we. Innovation is not a department; it is a habit. Each of us should spend time every week, not just our tech teams, thinking about how to improve what we do.

While money can buy technology, it is our ability to use it that defines success. We win by leveraging our platforms to collaborate internally, compete externally, and create value.

We nurture innovation by empowering our younger generation. Their energy and creativity are our edge. We see their success as our own.

6

Communicate, communicate, communicate.

If a pattern is concerning, raise it. If an idea is promising, share it. If a task is unclear, ask. If a problem is hard, ask for help.

Be honest and transparent, especially when things go wrong. Face facts. Take accountability. Ask for help when needed. Do not hide behind hierarchy or bureaucracy.

Strive for simplicity in communication and in action. The wheels will always be turning at ECU Worldwide, but creating wheels within wheels only slows us down.

7

In a global network business, collaboration is not optional— it is essential.

We are proud to be a globally led organization with 180 countries worldwide. Cross-cultural collaboration is our daily reality and our greatest strength.

No single team, country, or department wins alone. We succeed through alignment, respect, and shared goals. We lead with global professionalism and local intuition.

We build network effects by breaking silos. Collaboration means being accessible, dependable, and focused on the greater good. It is not about credit. It is about collective progress.

Diversity is our advantage. We draw strength from our differences in culture, style, experience, and perspective. Working across languages and locations, we build inclusive habits and celebrate plural thinking. At ECU Worldwide, collaboration means making space, not just making plans.

Collaboration is our operating system. It is how we scale, how we innovate, and how we serve.

This is the ECU Worldwide Way.

Rooted in the entrepreneurial spirit of our beloved Chairman.
Carried forward by every team member.
Lived every day.
Led by example.

Let us build the future of logistics – together.

04 / Holidays Around the World

Date	Country/Countries	Holiday
